

OPOS is not against sex ed. OPOS wants to prevent what happened 2 years ago when the Board of Education allowed SHIFT NC partner with Onslow County Schools.

OPOS is FOR providing information that empowers our youth to avoid risky behaviors and to achieve optimal health; they are FOR parental notification, and against graphic sex (sexualization) education.

We need to get the RIGHT people on our Board of Education who want to empower YOU and they TRULY care for ALL Children. But we need help getting the word out, most especially at the Primary Voting Polls on Tuesday May 8th...

Please consider signing up near you, just email us at opos.action@gmail.com and let us know where you can help!

It is NOT an all-day commitment:
